Note de l'éditeur

La réalisation de cet ouvrage est le fruit d'un travail d'équipe. Tout d'abord PAUL DEGUEE a confectionné avec l'aide de son épouse - tous les diagrammes avec des papiers collants et a consigné toutes les solutions. Ensuite RAOUL MIONET a remis en forme toutes les solutions tandis que GASTON WILVERS a relevé toutes les erreurs qu'il a pu déceler, et a frappé toutes les solutions qu'il a estimées conformes. Enfin, j'ai contacté plusieurs fois PAUL DEGUEE pour modifier ou supprimer tel ou tel problème, suite aux indications de GASTON WILVERS.

Je me suis chargé de la mise en page et de la présentation de la couverture illustrée d'un dessin de PAUL DEGUEE.

Que les lecteurs nous pardonnent s'il subsiste encore, ça et là, l'une ou l'autre erreur.

PREFACE

Créer une composition damique est un art qui nécessite une vaste connaissance de la technique du jeu de dames. Un problème permet de mieux pénétrer les secrets et les mystères du damier.

Si le jeu de dames est à la fois un jeu scientifique et intellectuel, la composition en complète l'étude par ses multiples combinaisons insoupçonnées.

Mon ami PAUL DEGUEE a consacré de nombreuses heures à faire de très beaux problèmes qui ont une renommée mondiale. Ses compositions ont paru dans un grand nombre de chroniques et de revues belges, françaises, hollandaises, Russes etc . . .

L'ouvrage qu'il nous présente sous le titre "A l'ombre de mon clocher" est écrit en hommage à la chapelle SAINT-MARTIN du village de Hour, où il a pu en toute tranquillité rassembler plusieurs centaines de ses problèmes ainsi que 28 magnifiques coups pratiques.

L'auteur a réuni des thèmes très variés, des études très approfondies qui vont du problème le plus simple au plus compliqué, c'est-à-dire à la fois à la portée du novice et du chevronné.

J'ai connu personnellement cet excellent damiste en Russie, où il représentait la fédération Royale Belge du Jeu de Dames en 1971 au championnat d'Europe individuel. Ceci prouve que Paul Deguéé est le damiste complet : en même temps très bon joueur et compositeur distingué.

Il a le très grand mérite d'être le premier auteur de la Belgique à créer un très bel ouvrage damique.

Je souhaite vivement à tous les amateurs du jeu de dames, quelle que soit leur force, de lire ce livre. Le lecteur y trouvera un agréable passe temps et surtout de précieux enseignements.

Rhode-Saint-Genèse, septembre 1979 .

Notre monde est farci de problèmes de toutes sortes, politiques, sociaux, conjugaux etc . . . et ces problèmes, on aime autant ne pas les rencontrer. Pourtant il est quelqu'un qui adore les problèmes, il s'en fait un plaisir et sans eux, il ne peut pas vivre et, de plus, ce sont des problèmes de Dames . . . les plus difficiles !!

Que nos adorables compagnes se tranquillisent, il ne s'agit nullement de leur personne, ni de celle d'une beauté inconnue mais bien de nos bonnes Dames de bois, de nos gentilles Dames qui se laissent manoeuvrer sagement.

Parfois, elles offrent beaucoup de résistance et il est difficile d'en venir à bout. Mais quand on les capture ou quand on les tient bien cachées dans un coin . . . quel plaisir !

Ce sont ces problèmes là qu'affectionne notre cher ami Paul DEGUEE. Il en a tellement composé que sa Dame, un jour, lui a dit : Paul il faut écrire un livre et si ce n'est pas DEGUEE . . .té de coeur, ce sera DEGUEE ou de force !

Et notre ami Paul de se mettre à l'ouvrage pour rassembler des compositions de toute sa vie.

Il a choisi de nous offrir les plus belles. Et c'est vrai qu'elles sont belles.

C'est comme un ciel plein d'étoiles, une forêt de fleurs sauvages, c'est plein de charme, d'esprit, c'est un véritable enchantement. Laissez-vous emporter par ces petites merveilles et vous verrez que le JEU DE DAMES est tellement formidable.

Il faut remercier de tout coeur Paul Deguéé, qui entre ainsi dans le Club magnifique de ceux qui ont le courage de faire profiter de leur longue expérience les nombreux amateurs de notre Jeu de Dames.

A MES CHERS AMIS DAMISTES

Du pied de la Chapelle Saint Martin de HOUR, j'ai réussi pour vous, les plus beaux de mes problèmes. Comme mes compositions ressemblent beaucoup, en règle générale à des coups de partie, et pour ne pas rebuter les débutants, j'ai commencé par les plus simples, pour terminer par les plus compliqués. De sorte que les néophytes, progressivement, apprendront les finesses et les beautés de notre noble jeu.

Le numéro 88, que je considère comme un de mes plus beaux problèmes est dédié à ma chère épouse Annie, qui m'a si bien secondé dans l'élaboration de mon livre, en m'aidant à faire les diagrammes et en faisant l'impossible pour que le calme le plus complet règne autour de moi pendant ce travail si fastidieux et si épuisant.

Cette composition que vous trouverez ci-dessous est suivie d'un commentaire de mon ami Jacques LECLAIRE à qui je tiens particulièrement.

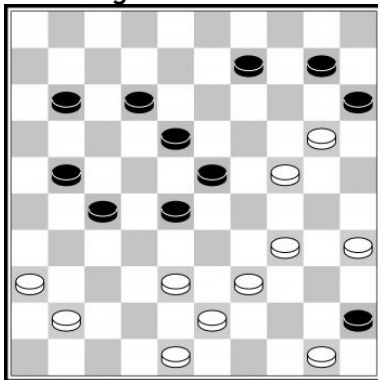

Dans les problèmes de ce livre, quelques-uns ne sont pas conformes aux strictes applications des règles du livre de Monsieur GERMAIN AVID, qui est en ma possession depuis quelques années seulement. Il se pourrait aussi que quelques erreurs se soient glissées, à mon insu dans quelques-unes de ces compositions. (Cela arrive à presque tous les problémistes.)

Je remercie infiniment tous ceux qui me feront l'honneur de se procurer ce livre.

Sincères amitiés à tous mes amis damistes !

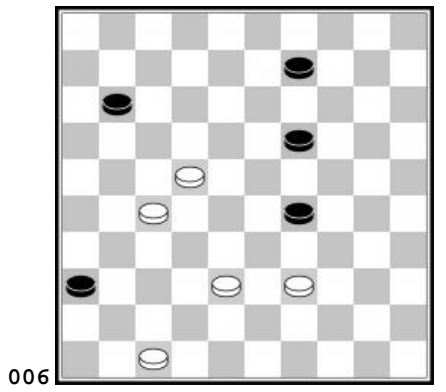

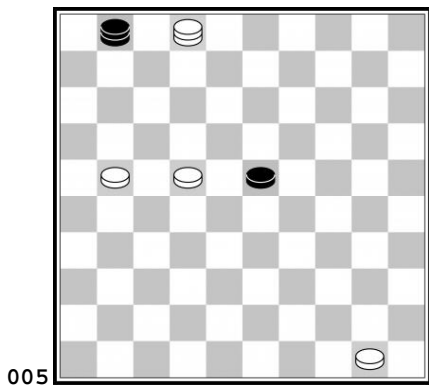

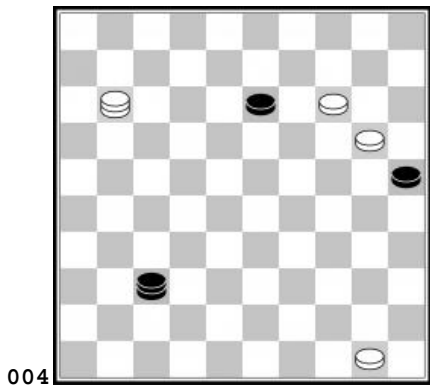

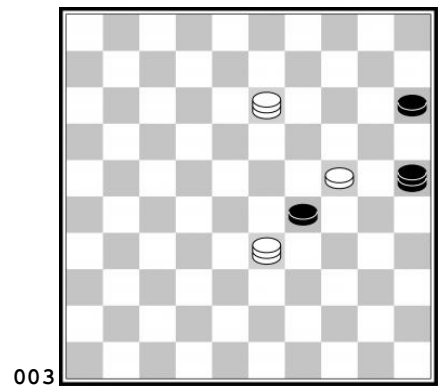

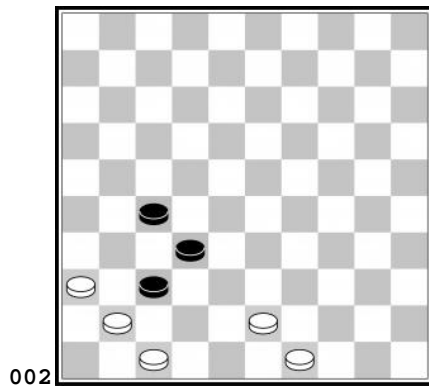

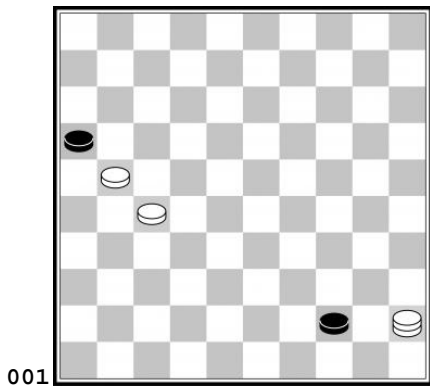

Paul DEGUEE, Maître Problémiste.

Paul Deguéé

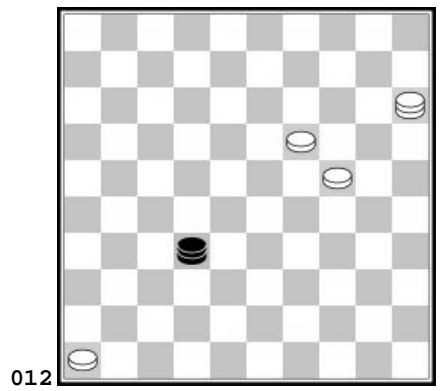

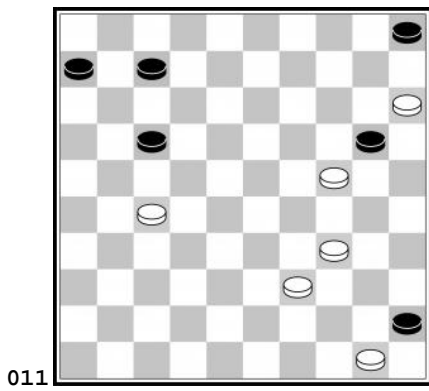

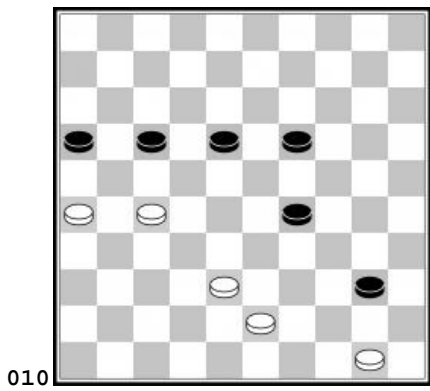

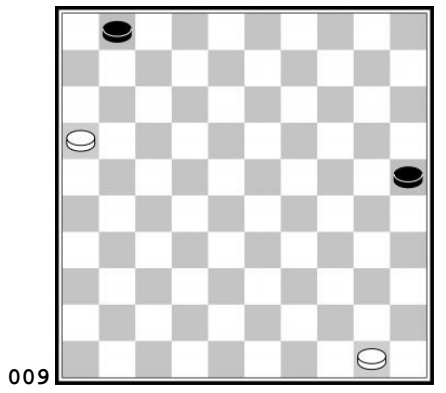

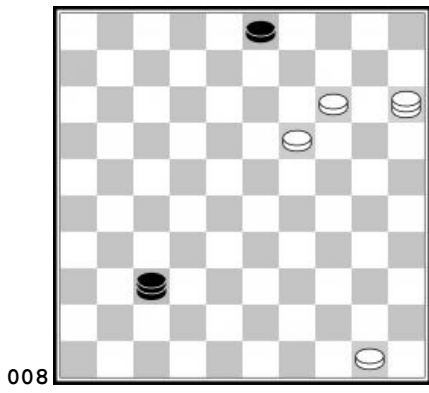

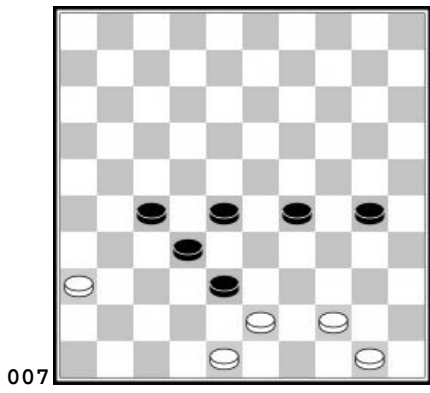

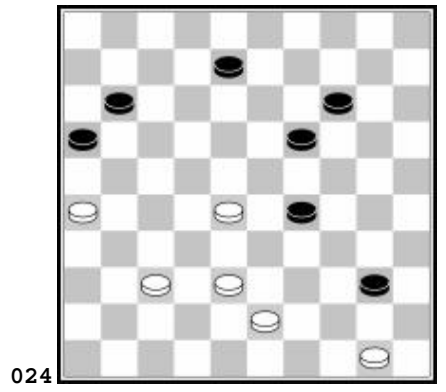

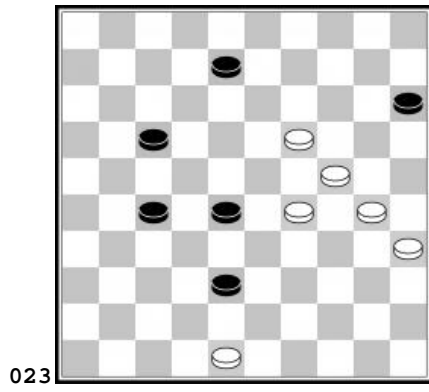

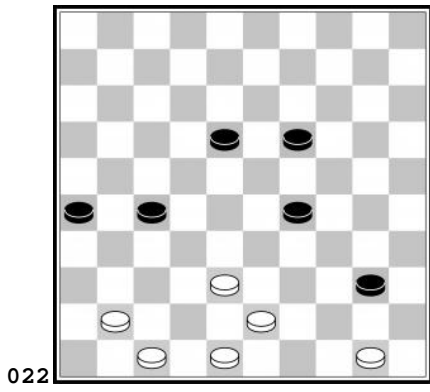

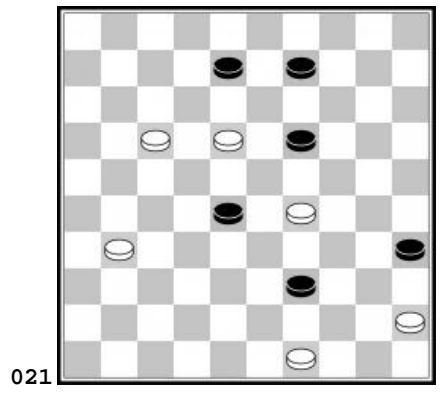

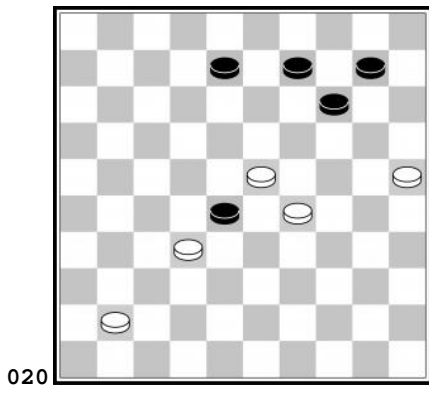

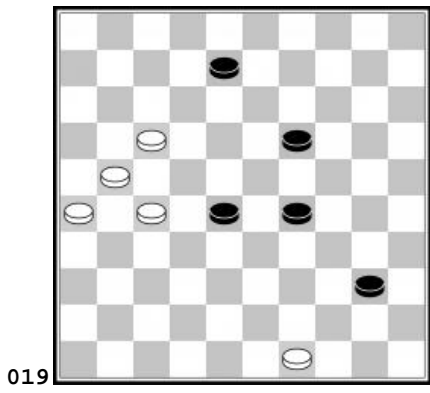

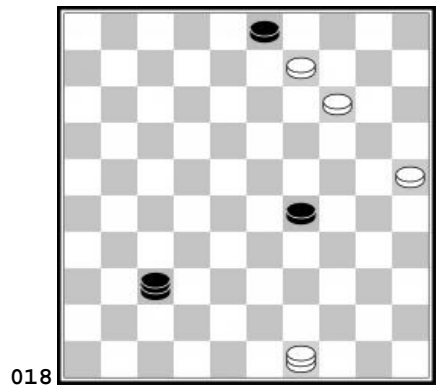

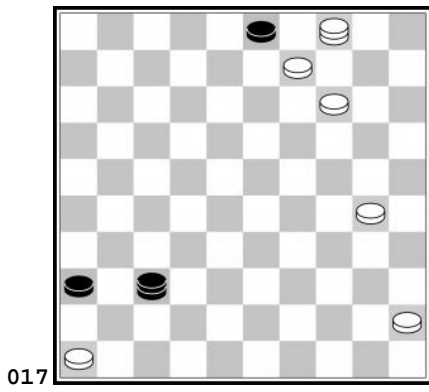

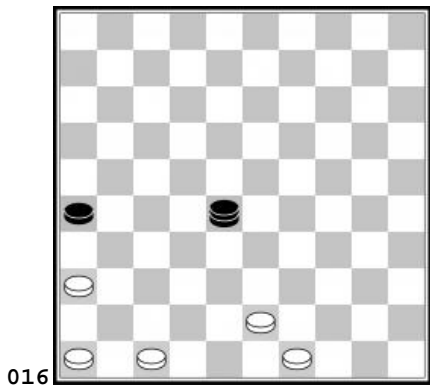

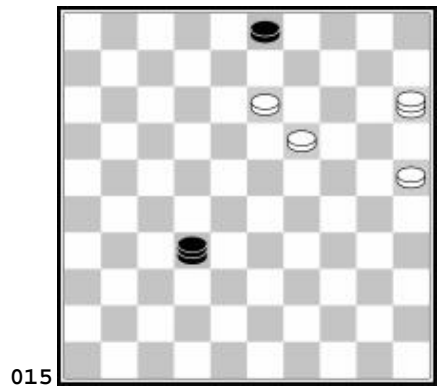

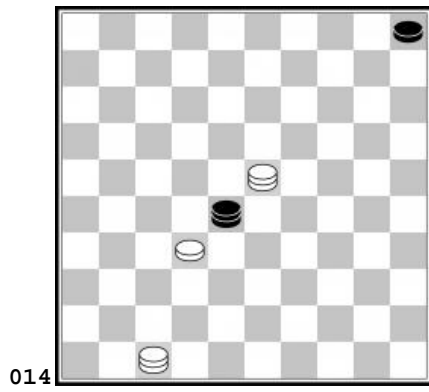

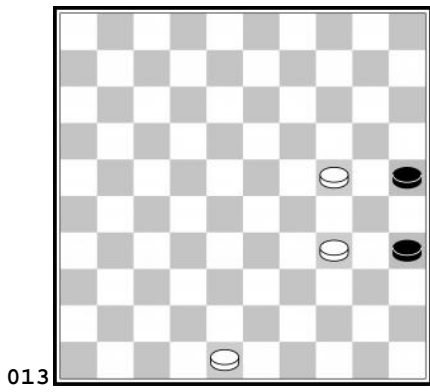

Un problème à suspens ! Paul Deguéé va jusqu'à nous donner des émotions dans cette surprenante composition, où, pendant toute la durée de manoeuvre des pièces le dernier coup des blancs restera encore une véritable énigme. Mais la recherche et la découverte du pion actif, qui doit damer et rafler, vous donnera sûrement l'idée d'aller jusqu'au bout.
