# OUDE BELGEN

zorgden voor

# VEEL PROBLEMEN

freddie borghoms

---

In de jaren '80, toen ik nog hoofdredacteur van "De Dam" was, bezorgde Oscar Verpoest me de volledige uitgave van het tijdschrift "Damleven". Een monument uit de prehistorie van de Belgische damgeschiedenis. Deze bevatte een schat aan problemen en eindspelen van onze illustere voorgangers in onze damsport.

Mensen zoals o.a. René Ancion uit Grivegnée, Oscar Baeke uit Merksem, Karel Bordon (Borgerhout), Ferdinand Damoiseau (Luik), ? de Graaf (Luik), F. de Lombaert (Merksem), P. de Montparnasse (Merksem), Fernand Denoel (Luik), Georges Havaert (?), Henri Jongen (?), Camille Moureau (Verviers), A. Rubbens (Merksem), K. Stubbe (Oostende), P. van den Elsacker (Lier), Th. Van Regenmorter (Lier), K. Verneirt (Merksem), Jean Vilain (Korbeek-Lo) en dan vergeet ik er nog wel enkelen.

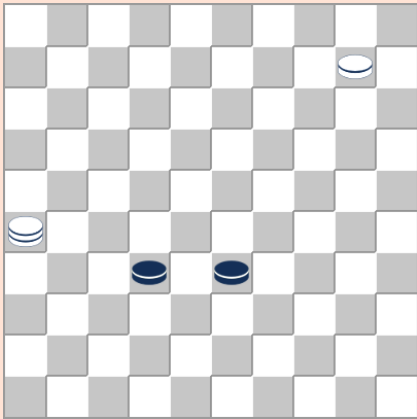

Allemaal dammers uit een ver verleden, die op één of andere manier een erfenis hebben nagelaten. Ik heb toen, jaren tachtig, zitten zoeken achter gegevens over deze dammers, maar helaas, veel vond ik niet. Nu, in de tijd van het internet dacht ik veel meer te achterhalen, maar het is net of alles over vroeger is opgelost in de nevelen van de tijd. Indien er onder de lezers zijn die toch nog over enige info over deze mensen beschikt, zal ik het graag horen.

In dit overzicht zijn ruim 450 problemen opgenomen, afkomstig van onder andere bovenstaande auteurs. Verder heb ik, als toegift, nog een aantal problemen opgenomen van twee gewezen clubgenoten, nl. Christ Verhaag en Lambert Waltmans.

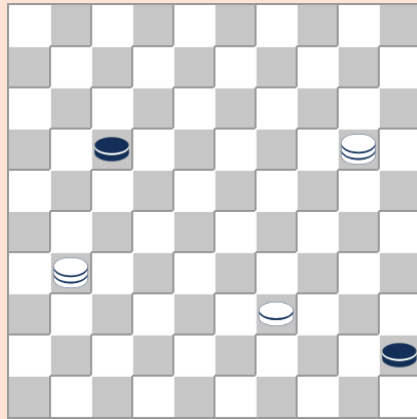

De enige volgorde die ik heb aangehouden is het aantal schijven dat steeds vermeerderd.

Veel plezier met het ontcijferen van de oplossingen.

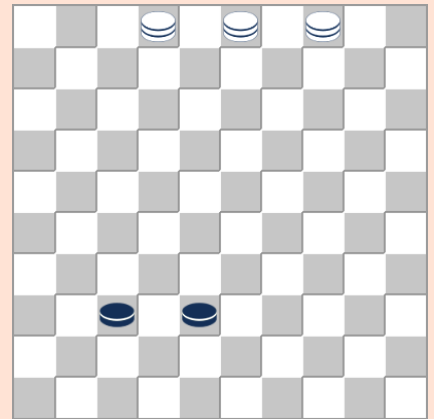

Borghoms Freddie
