# 100 PROBLEMEN

van D. Kleen

XDB  
622

## INLEIDING

Een uitgave van een serie eigen problemen is niet nieuw.

In Nederland hebben dit reeds eerder gedaan:

A. de Graag, J.H.H. Scheijen, Drs. A. v.d. Elzen,  
M. van Rooy, P. Lauwen en D. Vuurboom, laatstgenoemde  
met 5 x 400 problemen.

In Frankrijk: G. Avid, A. Bouquet en M. Nicolas.

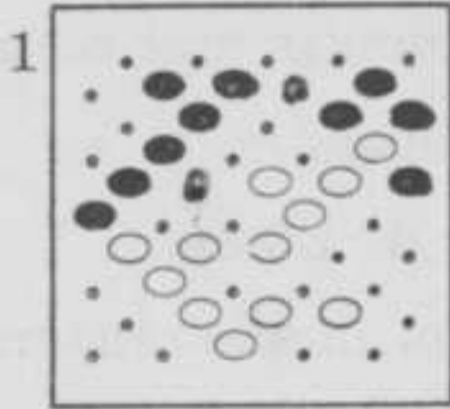

De auteur die aan de problematiek een gedeelte van zijn  
leven wijdde en waarvan de problemen over de gehele we-  
reld waar ons spel gespeeld wordt geplaatst zijn, acht het  
goed een gedeelte daarvan in een boek bijeen te brengen.

Deze problemen zijn geplaatst in een tijdperk van ruim  
60 jaren. In de eerste periode waren de speciale regels  
nog geheel onbekend. In 1938 bracht G.L. Gortmans met  
zijn boek „1001 Miniaturen" door toepassing der Scherpe  
Regels (SR) de problematiek op een hoger niveau. De pro-  
blemen van vóór 1938 voldoen soms niet aan de SR, daar  
deze nog niet bekend waren.

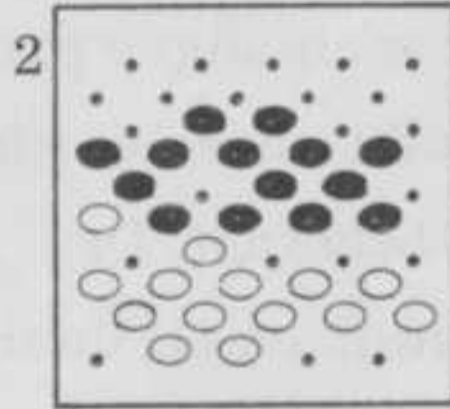

Dit werk bevat 100 problemen op de 100 velden. Proble-  
men van mij op de 64 en 144 velden heb ik er niet in op-  
genomen. Ook geen problemen met dammen in de aanvangs-  
stand. Wel problemen ontleend aan buitenlandse bladen en  
problemen die deelgenomen hebben aan wedstrijden.
